

OFFICE OF THE GOVERNOR

OCT 8 2015

To the Members of the California State Assembly:

I am signing Assembly Bill 1000 because it gives the students of the California State University system the certainty of process and voice in any proposal to increase student success fees.

The Trustees of the California State University have already acted to support and uphold this process. For the future, not all their actions need to be codified, and the Legislature should allow the Trustees the range of governance that is necessary to balance and achieve the best outcomes for students served by the CSU.

Sincerely,

Edmund G. Brown Jr
