

OFFICE OF THE GOVERNOR

OCT 10 2015

To the Members of the California State Assembly:

I am returning Assembly Bill 706 without my signature.

This bill establishes the California AmeriCorps STEM program and authorizes California Volunteers to form a non-profit foundation for fundraising purposes.

I applaud the author for promoting math and science through volunteerism in California, but without a funding source the program established in this bill would not be viable.

Sincerely,

A handwritten signature in black ink that reads "Edmund G. Brown Jr." with a stylized flourish at the end.
