

OFFICE OF THE GOVERNOR

OCT 12 2013

To the Members of the California State Senate:

I am signing Senate Bill 377 in order to facilitate the timely determination of whether a project is a public work. In order to ensure the efficient implementation of this measure I am asking the Legislature to send me a bill early next year to streamline the notice of completion process outlined in Section 2 of this bill.

Sincerely,

Edmund G. Brown Jr.
