

OFFICE OF THE GOVERNOR

OCT 09 2011

To the Members of the California State Senate:

I am returning Senate Bill 503 without my signature.

This bill allows additional pension options at retirement for a small number of retiring judges.

These options may or may not be warranted, but because I will be soon be proposing pension reform, I am vetoing this bill now. This bill's provisions can be part of the broader pension reform discussion.

Sincerely,

A handwritten signature in black ink that reads "Edmund G. Brown Jr." with a large, stylized flourish at the end.
