

OFFICE OF THE GOVERNOR

OCT 09 2011

To the Members of the California State Senate:

I am returning Senate Bill 601 without my signature.

This measure would require the Department of Corrections and Rehabilitation to post on its website prescribed information and reports and to update them every four months.

This measure is unnecessary and redundant; existing law already requires the Department to provide this information. I am happy to work with the author on ways the Department could better organize its website, but I don't think this takes a law.

Sincerely,

Edmund G. Brown Jr.
