

OFFICE OF THE GOVERNOR

OCT 15 2017

To the Members of the California State Assembly:

I am returning Assembly Bill 1029 without my signature.

This bill requires a school safety planning committee to include at least one person who is an expert in the social and emotional health of children and youth.

While I agree that this is a good idea, there is nothing in current law that prevents local schools from including a wide range of expertise on their school safety planning committee. This is another matter for local control.

Sincerely,

  
Edmund G. Brown Jr.
