

OFFICE OF THE GOVERNOR

OCT 10 2017

To the Members of the California State Assembly:

I am returning Assembly Bill 1179 without my signature.

This bill would require the Department of Toxic Substances Control to adopt regulations establishing the frequency of inspections for permitted hazardous waste facilities.

There is no question that comprehensive reform of the Department's operations is needed and the Administration is committed to working with the Legislature on that task. When it comes to protecting the public health of our communities, government cannot afford to make promises it cannot keep.

Adding new responsibilities to the Department must be undertaken holistically while considering the resources and funding available. Doing anything less robs the community of a real solution and sets government up for failure.

Addressing the structural problems at the Department, both fiscal and administrative, will not be an easy task, but one that is achievable if the Administration and the Legislature work together. I look forward to the partnership.

Sincerely,

A handwritten signature in black ink that reads "Edmund G. Brown Jr." with a stylized flourish at the end.
