

OFFICE OF THE GOVERNOR

SEP 27 2018

To the Members of the California State Senate:

I am signing Senate Bill 700, which refines the Self-Generation Incentive Program (SIP) and extends its sunset date to 2024.

This incentive program has served an important role in the deployment of distributed energy systems. Recently, the program has focused on transforming the energy storage market.

The California Public Utilities Commission should continue to administer this program to benefit all ratepayers, including disadvantaged communities, and should only collect what is needed to achieve the purposes of the bill.

Sincerely,

Edmund G. Brown Jr.
